To start off the new year, we have invited Kenny Hoo, the Founder & Chief Researcher of GOOD FENG SHUI® Geomantic Research, a research-based company (managed by GFS International Corporation Sdn Bhd).

Kenny graduated from National University of Malaysia with a Bachelor Degree (Hons) in Computer Science. He served in many multi-national & public listed corporations as Regional Director, General Manager, Sales Director, Account Manager & Systems Engineer, prior to his fulltime involvement in Feng Shui field as a Researcher & Consultant using scientific approach.

With strong technical, sales and marketing experiences in IT & Telecommunications fields, Kenny combines the traditional Feng Shui methodology with modern, scientific tools & technologies in his unique Geomantic research and studies. Through the convergence of various schools of thought and in-depth Yi-Jing theories, Kenny has formularized a very unique Good Feng Shui® Converge WATER TECHNIQUE® that captures great attention and impact in the Geomantic arena.

Kenny was appointed as the spokesperson and ambassadors for AkzoNobel's ICI DULUX ("Adding colour to people's lives"), Washington Apples ("The Best Apples On Earth™") from USA. He also serves as the professional consultant to some international brands such as Techlane Resources, Kaspersky, TIGER Beer, ETSU Japan, Eu Yan Sang, Nirvana Memorial Park, JJ Nail, AIA, Raffles Hotels, The Four Seasons Resorts, just to name a few.

Kenny's mission is to help as many people as possible to be more joyful and balanced in life, via the effective use of Good Feng Shui techniques. His scientific approach and teaching in Feng Shui always avoid the infusion of superstitious or misleading elements or information. Through his practice, seminars and articles, he strives to clear the doubts or misconception in Feng Shui amongst the layperson. Especially in the recent years, the public has been confused by lots of misleading information about Feng Shui, which in turn could have polluted the good name and use of authentic Feng Shui skills.

In the meantime, do watch out for our latest updates in our e-Newsletter, where we will be bringing you interesting articles, news and views relating to MINDS.

Yours sincerely
